

SUCCESS STORIES

- This single mother of three (3) overcame many obstacles, creating her own success story, becoming a young woman with ambition and vision. While a participant in the Work First New Jersey program, she faced many health issues which resulted in the loss of her part-time employment. She enrolled and completed training at Universal Training Institute's Certified Nursing Aide program, and subsequently passed her state license. She began part-time employment with Clara Barton-Genesis, gaining a self-confidence and infectious smile that truly warmed the hearts of all those who knew or has heard her story. She is now a full-time Certified Nursing Assistant with Clara Barton-Genesis.
- This single parent with three (3) children was a Work First New Jersey client. She enrolled in the Promise Jobs Culinary Arts School program. While a student, she went above and beyond during her time in school, excelling as a student to become their star pupil in the classroom, completing her homework and going to great lengths to contribute in a meaningful way. Upon completion of her training, Promise Jobs hired her to work full-time in their catering division.
- Client graduated from the Practical Nursing Program at the Middlesex County Vocational Technical Schools and passed the NCLEX Practical Nursing exam. She was an exemplary student and was well liked by her teachers and peers. The faculty awarded her the Humanitarian Award upon graduation. She is now employed as a charge nurse in a long term care facility.
- Client's position was eliminated after working six (6) years in a maintenance department. He enrolled in Somerset County Technical Institute's Air Conditioning/Refrigeration/Heating Program and completed the two (2) year program in one (1) year. He graduated on the Dean's List and was employed six (6) days after graduation as an Air Conditioning/Heating Technician. In fact, his employer asked if they could refer any other students like him, as he is a very conscientious and dedicated individual.
